\_\_\_\_\_  
**Signature of Owner or Agent of Owner**

Upon issuance of a building permit, work may proceed as set forth in the specifications, plans or statements as filed with the Code Enforcement Officer. Any amendments made to the original plans and specifications must first be submitted for approval. Building permits shall become void six (6) months from the date of issuance unless substantial progress has been made and may be renewed for an additional six (6) months, upon request, without the payment of an additional fee.

NOTE: As a result of the issuance of the Building Permit, the Town Assessor is notified. The assessor will visit the site periodically during construction to judge the percent of completion. This completed percentage is added to the roll annually, and the Owner of Record will be notified of any change each year until the project is judged complete.
